TRAGICAL MURDER AND SUICIDE IN MACAO.

A TERRIBLE tragedy occurred last night at Macso, the news of which has caused the greatest consternation amongst the Portuguese community. Col. Mesquite, the hero Mr D. K. Griffiths of Afong's studio, from a of Passaleão, in a state of insanity, shot his wife and second daughter dead, and also shot his eldest son and eldest daughter several times and so seriously that they now lie in the most critical condition in the hospital. The body of his wife was found lying near the bed, a pillow in her hand as if to defend herself. There were two wounds in her body. Their eldest daughter had several wounds in the head and is now in critical state. The other daughter was found deed in a corner of the room near the cupboard with a piatol shot in her head. The eldest son has three shots in the body and lies in a precarious state in hospital. The youngest son escaped by jumping from the window. Since writing the above we have received the following note from a well-informed correspondent

A dreadful tragedy took place at Macao order !-between one or two o'clock this morning. Colonel Mesquits, a retired officer, and well known for his gallant deed in taking the Fort of Passaleso in 1849, killed his wife and his youngest daughter and bit his eldest son and daughter very badly wounds ed. He only spared his younger son, and then himself put an end to his existence by drowning himself in a well, where his body was found early this morning. It is said a letter exists in which he accounts for the second. dreadful work he has done.
